

## **Body Art Program Bloodborne Pathogens (BBP) Training Resources**

Bloodborne Pathogens (BBP) Exposure Control Training which meets Cal/OSHA’s BBP Standard 8 CCR 5193 and specified in California’s H&S Code Safe Body Art Law Section 119307 is required for persons who may be exposed to BBP while performing their routine work functions. This includes, but is not limited to: tattoo artists, permanent cosmetics professionals, and body piercers. Additionally, the training and training material must be specific to performing body art. BBP training contact time must be a minimum of two hours. Training must be renewed annually. Records must be kept for a minimum of three years.

**If you are a BBP training provider that would like to be approved, please contact Environmental Health Services at the phone number listed above, and provide the following:**

- 1. The course synopsis** (The course must be tailored to the body art industry);
- 2. The course's interactive capability between student and instructor;**
- 3. A written signed statement under penalty of perjury that the course will meet or exceed the requirements of AB300 Section 119307 (c).**

The list of BBP online training courses below is in compliance with California’s H&S Code Safe Body Art Law Section 119307 (c) and are approved by San Mateo County for practitioner registration purposes.
