I. Executive Summary

MED-Project LLC (“MED-Project”) operates a Product Stewardship Plan for Unwanted Medicine from Households (“Plan”) in San Mateo County (the “County”) under the County of San Mateo Safe Medicine Disposal Ordinance, San Mateo County Ordinance Code Sections 4.116.010 - 4.116.190 (“Ordinance”). MED-Project’s Plan, dated April 14, 2023, was conditionally approved by the San Mateo Environmental Health Services (the “Department”), on July 11, 2023 (“First Conditionally Approved Plan”). MED-Project’s Plan, dated September 18, 2023, was conditionally approved by the San Mateo Environmental Health Services (the “Department”), on December 21, 2023 (“Second Conditionally Approved Plan”). Between January 1, 2023, and July 10, 2023, MED-Project operated under the plan dated April 15, 2019, approved by the Department on January 16, 2020 (“Prior Approved Plan”), and jointly with the First Conditionally Approved Plan and Second Conditionally Approved Plan, the “Approved Plans”) between July 11, 2023, and December 31, 2023.

MED-Project has been in operation in the County of San Mateo since 2017 and has served the residents by collecting over 260,000 pounds of Unwanted Medicine. MED-Project’s outreach and education efforts have thus far resulted in over 46 million impressions to County of San Mateo residents, stemming from its comprehensive education and outreach program.

This 2023 San Mateo County Annual Report (“Report”) describes MED-Project’s activities between January 1, 2023, and December 31, 2023 (“Reporting Period”). All capitalized terminology not defined in this summary is derived from the Second Conditionally Approved Plan.

A. Notifications in the Reporting Period

MED-Project submitted change requests and notices during the Reporting Period. The change requests and notices included:

- Four quarterly Help Desk reports for reporting periods in 2022 and 2023 were submitted to the Department during the Reporting Period. The reports met requirements in the April 15, 2019, Request for Information from the Department.

- On November 2, 2023, MED-Project submitted a notice to the Department, detailing the deactivation of two Kiosk Drop-Off Sites.

B. Reporting Period Operations Overview

During the Reporting Period, priority was given to operating Kiosk Drop-Off Sites throughout San Mateo County and performing public outreach to eligible pharmacies, hospitals, clinics with on-site pharmacies, and Law Enforcement Agencies (“LEAs”). During the Reporting Period, MED-Project’s Program collected and disposed of Unwanted Medicine from 52 Kiosk Drop-Off Sites and distributed Mail-Back Packages at 10 Mail-Back Distribution Locations.

Kiosks were installed in pharmacies that meet all local, state, and federal requirements and that executed agreements with MED-Project. In addition, promotional materials, including signage and/or brochures, were distributed to select existing Kiosk Drop-Off Sites.

MED-Project provided disposal instructions to select Kiosk Drop-Off Sites and Mail-Back Services to Residents and continues to communicate with Kiosk Drop-Off Site Hosts to distribute outreach materials upon request, review procedures as needed, and improve overall Program design.

As outlined in the Approved Plans, the ultimate goal of the Program is to provide Residents with convenient, safe, and accessible methods to dispose of Unwanted Medicine.

The following Sections of the Report respond to specific reporting requirements in Ordinance Section 4.116.090. Each section of the Report restates the corresponding Ordinance requirements and provides the required information. All figures are rounded to the nearest tenth place.

See Appendix G; Safety and Security Report.

VII. Educational Efforts and Public Outreach

Ordinance Sec. 4.116.090(a)(9): *“A description of the public education, outreach and evaluation activities implemented during the reporting period.”*

A. Public Education Activities

MED-Project provided disposal instructions for Kiosk Drop-Off Sites and Mail-Back Services offered through the Approved Plans. In addition, MED-Project maintained a website and toll-free telephone number to provide information pertaining to MED-Project disposal options and outreach materials. The MED-Project Website, toll-free telephone number, and outreach materials, such as posters and brochures, were available in the required languages, including English, Spanish, Chinese, and Tagalog. MED-Project Website information and statistics are provided in Appendices H and I, respectively.

B. Outreach Activities

To promote the Program during the Reporting Period, MED-Project provided digital, connected TV, radio, social media and streaming audio campaigns; provided information through the MED-Project website; posted information on social media sites; and sent email blasts. Additionally, MED-Project distributed materials, including brochures and posters, to select Kiosk Drop-Off Sites. See Appendix J for examples of promotional materials. In accordance with Section XI.D of the Second Conditionally Approved Plan, MED-Project is including a log of when each stakeholder was provided with educational brochures during the Reporting Period. See Appendix K; Educational Brochure Distribution Log. A list of the social media and email outreach promotion activities is provided in Appendix L. The frequency and reach percentage for each campaign is provided in the Media Outreach Summary. See Appendix M.

For analytics related to the communication plan, referenced in Appendix S of the Prior Approved Plan, see:

- Appendix H; MED-Project Website Pages

- Appendix I; Website Statistics
- Appendix L; Social Media and Email Promotion Activity
- Appendix M; Media Outreach Summary

C. Evaluation Activities

As required by Ordinance Sec. 4.116.060(a)(4), MED-Project conducted a biennial survey of Residents, pharmacists, veterinarians, and health care professionals who interact with members of the community in 2022. The survey was conducted from September 12 – November 4, 2022, and the results were posted to the MED-Project Website on January 30, 2023. The survey provided MED-Project with information on the effectiveness of promotion, outreach, and public education in the County.

VIII. Packaging Recycling

Ordinance Sec. 4.116.090(a)(10): *“A description of how collected packaging was recycled to the extent feasible, including the recycling facility or facilities used.”*

As described in the Approved Plans, while drug packaging is expected to constitute a significant amount of the waste incinerated under the Program, MED-Project has concluded that separation of inner and/or outer packaging from Unwanted Medicine and/or recycling of packaging would raise three significant concerns:

1. Separating and recycling drug packaging could result in the disclosure of confidential patient information appearing on prescription drug packaging;
2. Separating and recycling drug packaging could increase the potential for releases and leakage of Unwanted Medicine; and
3. Separating and recycling drug packaging could increase diversion risk by adding additional steps to the collection process and because drug packaging is often used in drug counterfeiting, the drug packaging could be a diversion target itself.

For these reasons, the Program does not provide for the separation and recycling of packaging from Unwanted Medicine.

MED-Project education and outreach materials instruct Residents to return Unwanted Medicine at a Kiosk Drop-Off Site, via Mail-Back Services, or at a Take-Back Event, in its original container or a sealed bag. These materials encourage Residents who transfer their Unwanted Medicine into a sealed bag to recycle all remaining packaging.

IX. Program Goals

Ordinance Sec. 4.116.090(a)(11): *“A summary of the Stewardship Plan’s goals, the degree of success in meeting those goals in the past year, and, if*

any goals have not been met, what effort will be made to achieve the goals in the next year.”

As discussed in the Executive Summary of this Annual Report, MED-Project operated under the Prior Approved Plan, the First Conditionally Approved Plan, and the Second Conditionally Approved Plan during the Reporting Period. As such, MED-Project operated under the long-term goals described in Section VI of the Prior Approved Plan and the short-term goals described in Section VI of both the First Conditionally Approved Plan and Second Conditionally Approved Plan.

A. Collection Goals

As discussed in Section VI of the Prior Approved Plan, MED-Project’s long-term collection goal was to satisfy the Service Convenience goal through establishing Kiosk Drop-Off Sites in a minimum of four out of five Supervisorial Districts and reduce or eliminate the need for using Mail-Back Distribution Locations. MED-Project operated ten Mail-Back Distribution Locations during the Reporting Period. While MED-Project met its long-term collection goal of eliminating the need for Mail-Back Distribution Locations, MED-Project operated 10 Mail-Back Distribution Locations in sparsely populated areas of the County at the request of the Department.

MED-Project met the Service Convenience Goal in Ordinance Section 4.116.050(b) during the Reporting Period through established Kiosk Drop-Off Sites Locations as provided in Appendix N; Kiosk Drop-Off Site and Mail-Back Distribution Location Reporting Period Results. Figure 1 shows a graphical representation of the Service Convenience Goal during the Reporting Period with Kiosk Drop-Off Sites Locations and Mail-Back Distribution Locations.

As outlined in the Prior Approved Plan, MED-Project set a collection expectation of 13,320 pounds for the 2018 reporting period. MED-Project exceeded the 2018 collection goal during the Reporting Period. Specific details on Unwanted Medicine collection through Kiosk Drop-Off Sites and Mail-Back Distribution Locations is available in Section III: Collection Method and Weights, of this Report. MED-Project will evaluate future collection goals as part of the next Plan update.

As discussed in Section VI of both the First Conditionally Approved Plan and Second Conditionally Approved Plan, MED-Project’s short-term goals were to maintain the Service Convenience Goals through the establishment of Kiosk Drop-Off Sites with an estimated average collection of 100 pounds per Kiosk Drop-Off Site. MED-Project operated 52 Kiosk Drop-Off Sites and collected 42,009.2 pounds of Unwanted Medicine from Kiosks during the Reporting Period for an average of 807.9 pounds per Kiosk Drop-Off Site.

B. Education and Public Outreach Goals

As outlined in Section VI of the Prior Approved Plan, MED-Project worked to meet the following long-term goals during the Reporting Period:

- MED-Project may revise and/or add communications materials based on changes to the Prior Approved Plan.
- Conduct outreach with the goal of a combined target reach of 50% at a 2+ frequency for the duration of one month, at least three times per year through a combination of digital media campaigns, print ads, and traditional broadcast media.
- Evaluate media and public outreach as well as collect feedback by survey in order to make adjustments to the Program.

During the Reporting Period, MED-Project conducted a website refresh initiative which was designed to provide an enhanced user experience and improve overall usability, accessibility, and navigation. The refresh included the implementation of dynamic translation capabilities and new accessibility and mobility features. These changes made the MED-Project Website easier to navigate and understand, allowing Residents more efficient access to disposal options for Unwanted Medicine.

During the reporting period MED-Project also coordinated with the other approved program operator to design a neutral website that is a single source of promotion for Residents to access information about the safe disposal of unwanted medication in San Mateo County. The neutral website will feature information about disposal options for unwanted medication, including an interactive map with locations where residents can access a drop box at a convenient location or how to order mail-back supplies. The website is planned to launch in 2024.

MED-Project implemented media and public comprehensive outreach strategies to raise public awareness and educate Residents as well as pharmacies, pharmacists, and other individuals about the Program. MED-Project performed against the Prior Approved Plan's long-term goal of outreach with a combined target reach of 50% at a 2+ frequency for the duration of one month, at least three times per year by conducting two targeted media campaigns that achieved reach results of 82% and 32%, respectively. These four-week campaigns included the use of digital display, social media, connected TV, radio, and streaming audio advertisements. Upon conditional approval of the First Conditionally Approved Plan, MED-Project received new short-term goals to reach 25% of the 18 years of age and over population starting the first full calendar year after approval of the First Conditionally Approved Plan and Second Conditionally Approved Plan, which will occur in 2024.

Social media platforms were utilized to complement and expand the Program's outreach strategy. MED-Project utilized both sponsored advertising on Facebook and Instagram,

as well as organic posts on Facebook and X (formerly known as Twitter) platforms to promote Program information.

MED-Project provided educational and outreach materials to Residents and host sites participating in the Program, including brochures, posters, and mail-back package inserts. Public Service Announcements were used in various forms of media, including video, audio, and static images to promote the proper and safe disposal of Unwanted Medicine.

As required by Ordinance Sec. 4.116.060(a)(4), MED-Project conducted a biennial survey of Residents, pharmacists, veterinarians, and health care professionals who interact with members of the community in 2022. Results were described in the 2022 Annual Report submitted on June 12, 2023. Consistent with Ordinance Section 4.116.060(a)(4), MED-Project will conduct the next biennial survey in 2024. Collector Outreach

MED-Project met the long-term goal of collector outreach by issuing letters to all potential Kiosk Drop-Off Sites on February 28, 2023.

X. Program Costs

Ordinance Sec. 4.116.090(a)(12): “The total expenditures of the Stewardship Plan during the reporting period.”

The total Program cost for the Reporting Period was \$628,944.79.

Safety and Security Report

Event Reported Date: August 10, 2023

Location: Box and Liner originating from a County of San Mateo Kiosk Drop-Off Site

Event Summary: MED-Project was notified by its Vendor that an Unwanted Medicine box and liner that originated from a County of San Mateo Kiosk Drop-Off Site had been declared by the Carrier to be lost in transit. MED-Project understands that there have been rare exceptions in which the Carrier cannot deliver a package to its destination or return it to the shipper for reasons including, but not limited to, the loss of shipping information, such as a damaged shipping label. The Vendor has reported that the Carrier has policies and procedures for managing such packages, including destruction at a permitted medical waste incinerator.

Corrective Action Taken: MED-Project notified the County on August 10, 2023 and requested that the Vendor provide a detailed report of its investigation and findings including any information on the whereabouts of the Unwanted Medicine box and liner. In addition MED-Project requested from the Vendor: (1) any other outcomes from investigations into the event; (2) any reports the Vendor makes regarding this event to law enforcement or government agencies; (3) a description of any law enforcement or government agency involvement with this event; (4) an explanation of any legal proceedings involving this event, and (5) any changes in policy or procedures that the Vendor has or is planning to make as a result of the event. MED-Project also notified the Kiosk Drop-Off Site Host of the event, including information on potential reporting obligations under the Drug Enforcement Administration and California Board of Pharmacy regulations. MED-Project continues to monitor Carrier shipping discrepancies with the Vendor to determine if loss rates are within expected shipping industry norms.

Tumutulong ang mga gamot sa paglunas sa mga sakit, pamamahala ng mga pabalik-balik na kondisyon, at pagpapabuti ng kalusugan at kapakanan para sa milyun-milyong Amerikano. Importanteng inumin ng mga pasyente ang kanilang mga gamot ayon sa pagkakareseta ng kanilang tagapaglaan ng pangangalaga sa kalusugan, at ayon sa pagkakasaad sa etiketa o packaging. Mahalaga rin na tiyaking itago ang mga gamot nang ligtas para malwasan ang di-sadyang pagkakainom o maling paggamit ng ibang tao, lalo na ng mga bata.

Kung mayroon kang mga napaso na o hindi na ginagamit na gamot, madali lang ang wastong pagtatapon sa mga ito. Para maprotektahan ang privacy mo, pinapaalala sa mga pasyente na alisin ang lahat ng personal na mapagkikilalan na impormasyon sa mga etiketa o packaging ng gamot bago itapon ang mga hindi na ginagamit na gamot.
