SAN MATEO COUNTY HEALTH
BEHAVIORAL HEALTH & RECOVERY SERVICES

Agenda

At the conclusion of this training, participants will have a better understanding of the following:

- The distinction between services provided by BHRS vs a Managed Care Plan
- Criteria to Access SMHS
- Medical Necessity Criteria
- Where and how the Screening Tool fits into the process of determining Access and Medical Necessity Criteria

4

Documentation Manual

Today, we will be covering the material from the following sections of the Documentation Manual:

Access to SMHS and Medical Necessity

CaAIM Adult and Youth Screening Tools

MHP Services vs MCP Services

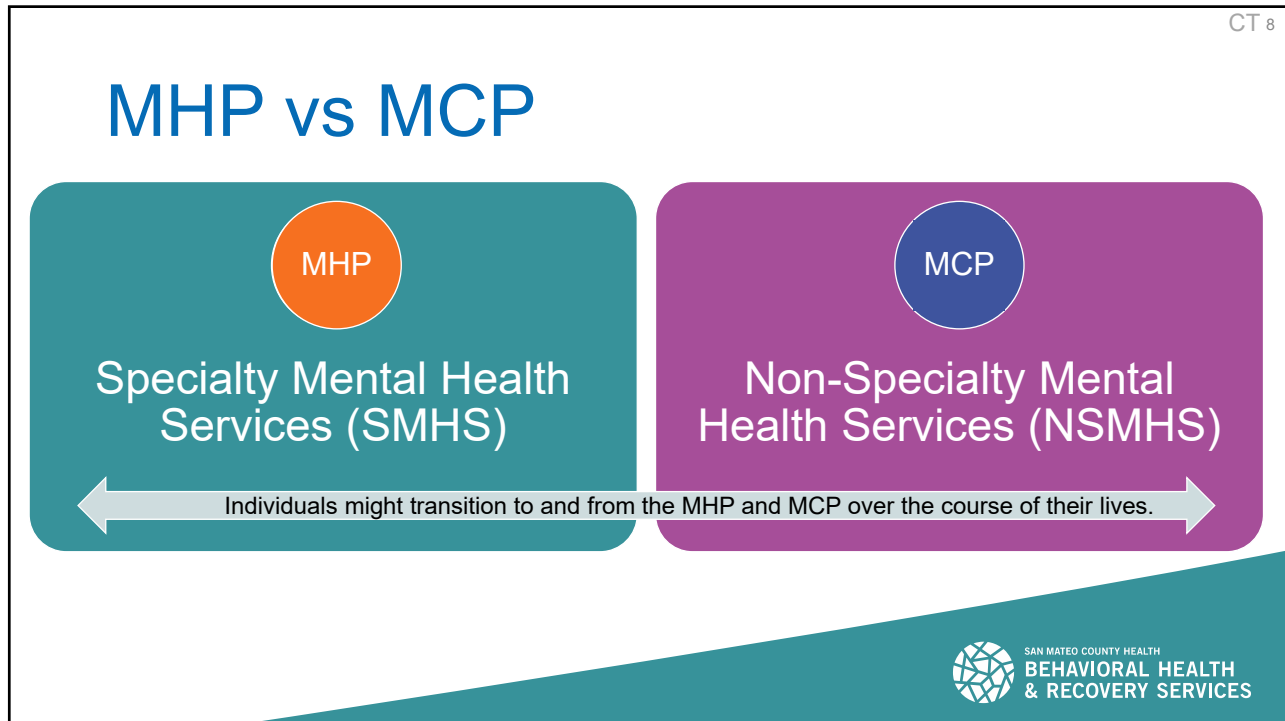

SAN MATEO COUNTY HEALTH

BEHAVIORAL HEALTH & RECOVERY SERVICES

6

7

8

MHP vs MCP

SMHS

- Assessment
- Plan Development
- Rehabilitation Services
- Therapy Services

SMI SED

- Collateral
- Medication Support Services
- Targeted Case Management
- Crisis Intervention
- Intensive Care Coordination (ICC)
- Intensive Home-Based Services (IHBS) and
- Therapeutic Behavioral Services (TBS).

NSMHS

Mild-to-Moderate

- Mental health evaluation and treatment, including individual, group and family psychotherapy
- Psychological and neuropsychological testing, when clinically indicated to evaluate a mental health condition.
- Outpatient services for purposes of monitoring drug therapy
- Psychiatric consultation
- Outpatient laboratory, drugs, supplies and supplements

Access Call Center

The BHRS Access Call Center serves as the “hub” of all requests for Mental Health Services for **both** BHRS and HPSM.

CS11

Poll

Contract Agencies – Have you put your full name and agency name in the chat?

- A. Yes
- B. No
- C. I can't remember. I'm too distracted by this beautiful fur baby on the left!
- D. I'm not a contract agency provider, but I want to test this poll feature

11

B 12

WHERE DO I GO TO RECEIVE SERVICES?

SAN MATEO COUNTY HEALTH
**BEHAVIORAL HEALTH
& RECOVERY SERVICES**

12

Where to Go for Services

There have been multiple new processes/policies issued by DHCS in recent years that relate to determining where a client should receive services.

<p>23-01</p> <h3>Screening Tools</h3> <ul style="list-style-type: none"> Determines in which system it is most appropriate for an individual to receive a clinical assessment. 	<p>22-01</p> <h3>Criteria for Access to SMHS</h3> <ul style="list-style-type: none"> Outlines the criteria to receive SMHS. This was previously known as "Medical Necessity" criteria. 	<p>22-03</p> <h3>No Wrong Door</h3> <ul style="list-style-type: none"> Allows clients to receive services from an MCP / FFS Provider and MHP (BHRS) concurrently. Allows for services to be provided prior to the completion of assessment. 	<p>20-01</p> <h3>Continuity of Care</h3> <ul style="list-style-type: none"> Has to do with continuing care with an out-of-network Medi-Cal provider or a terminated network provider who would continue delivering SMHS.
---	--	---	---

 SAN MATEO COUNTY HEALTH
BEHAVIORAL HEALTH & RECOVERY SERVICES

Where to Go for Services

Today's training will focus on the policy for "Criteria to Access for SMHS" and the CalAIM Screening Tools.

<p>23-01</p> <h3>Screening Tools</h3> <ul style="list-style-type: none"> Determines in which system it is most appropriate for an individual to receive a clinical assessment. 	<p>22-01</p> <h3>Criteria for Access to SMHS</h3> <ul style="list-style-type: none"> Outlines the criteria to receive SMHS. This was previously known as "Medical Necessity" criteria. 	<p>22-03</p> <h3>No Wrong Door</h3> <ul style="list-style-type: none"> Allows clients to receive services from an MCP / FFS Provider and MHP (BHRS) concurrently.  SAN MATEO COUNTY HEALTH
BEHAVIORAL HEALTH & RECOVERY SERVICES

B 15

Where to Go for Services

There is no longer a differentiation between the level of severity of clients served by BHRS and an MCP.

BHRS is still the service delivery system for individuals identified as SMI / SED.

MCPs are still the service delivery system for individuals identified as mild-to-moderate.

CaAIM allows for services to be provided by either system while a determination is made about which system is most appropriate for the individual to receive ongoing services.

15

L 16

OVERVIEW OF NEW CRITERIA

SAN MATEO COUNTY HEALTH
**BEHAVIORAL HEALTH
& RECOVERY SERVICES**

16

L 17

Overview

Access to SMHS

+

Medical Necessity

- Answers the question: Is the individual **eligible** to receive SMHS?

- Answers the question: Is the **service** provided clinically appropriate and necessary?

One of the innovations under CalAIM is that Medical Necessity has been separated out to provide a more nuanced look at where the client should receive services and what types of services are appropriate.

SAN MATEO COUNTY HEALTH
BEHAVIORAL HEALTH
& RECOVERY SERVICES

17

L 18

Overview

Access to SMHS

+

- Answers the question: Is the individual **eligible** to receive SMHS?

Access to SMHS looks at the beneficiary's history and current presentation to see if their experiences and symptoms make them eligible to receive SMHS.

SAN MATEO COUNTY HEALTH
BEHAVIORAL HEALTH
& RECOVERY SERVICES

18

Overview

In BHRS, we are looking to see if the service that was provided was a medically necessary SMHS.

Essentially, medical necessity looks at what type and level of service is appropriate for the individual seeking care.

Overview

MEDICAL NECESSITY CRITERIA

SAN MATEO COUNTY HEALTH
**BEHAVIORAL HEALTH
 & RECOVERY SERVICES**

Medical Necessity Criteria

Definition of Medical Necessity was brought into alignment with Welfare and Institutions Code 1418.402(a) for those 21 and over and with Section 1396(r)(5) of Title 42 of the US Code for Individuals under 21 years of age.

Beneficiaries under 21 years of age

- ...the service is necessary to **correct or ameliorate** a mental illness or condition....
- Services that sustain, support, improve, or make more tolerable a mental health condition are considered to ameliorate the mental health condition.

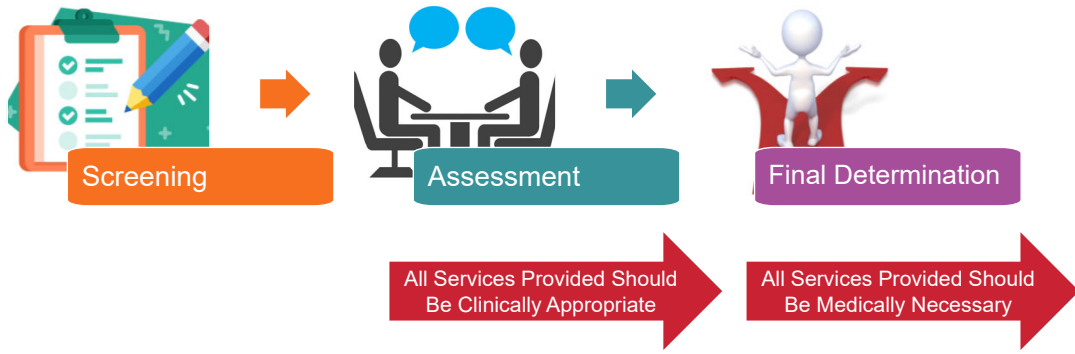

Beneficiaries 21 years of age and older

- ...the service is reasonable and necessary to...
 - **protect life,**
 - **to prevent significant illness or significant disability,** or to
 - **alleviate severe pain.**

SAN MATEO COUNTY HEALTH
**BEHAVIORAL HEALTH
 & RECOVERY SERVICES**

Overview

CRITERIA TO ACCESS SMHS

SAN MATEO COUNTY HEALTH
**BEHAVIORAL HEALTH
& RECOVERY SERVICES**

Access to SMHS Criteria Adults 21+

Must meet **BOTH** of the following criteria:

Criteria 1 (Adult)

The beneficiary has
one or both of the following:

- Significant impairment, where impairment is defined as distress, disability, or dysfunction in social, occupational, or other important activities, **AND/OR**
- A reasonable probability of significant deterioration in an important area of life functioning.

AND

Criteria 2 (Adult)

The beneficiary's condition is due to
either of the following:

- A diagnosed DSM mental health disorder, **OR**
- A suspected mental disorder that has not yet been diagnosed.

25

Poll

Which of the 2 Criteria for Adults 21+ do adults have to meet to be eligible for SMHS?

- A. Criteria 1 only
- B. Criteria 2 only
- C. Both Criteria 1 AND 2
- D. Neither, as long as they give staff a photo of their fur baby

26

B 27

Access to SMHS Criteria: Youth Under 21

Covered SMHS shall be provided to enrolled beneficiaries who meet either:

Criteria 1 OR Criteria 2 (see next 2 slides)

Criteria 1

OR

Criteria 2

 SAN MATEO COUNTY HEALTH
**BEHAVIORAL HEALTH
& RECOVERY SERVICES**

27

B 28

Access to SMHS Criteria: Youth Under 21

Criteria 1

The beneficiary has a condition placing them at high risk for a mental health disorder due to experience of trauma evidenced by ANY of the following:

- Scoring in the high-risk range under a trauma screening tool approved by DHCS, OR
- Involvement in the child welfare system, OR
- Juvenile justice involvement, OR
- Experiencing homelessness

 SAN MATEO COUNTY HEALTH
**BEHAVIORAL HEALTH
& RECOVERY SERVICES**

28

B 29

Access to SMHS Criteria: Youth Under 21

Criteria 1

The use of a **specific** trauma screening tool is not yet required.

The beneficiary has a condition placing them at high risk for a mental health disorder due to experience of trauma evidenced by **ANY** of the following:

- Scoring in the high-risk range under a trauma screening tool approved by DHCS, OR
- Involvement in the child welfare system, OR
- Juvenile justice involvement, OR
- Experiencing homelessness

Can be a past experience.

29

T 30

Access to SMHS Criteria: Youth Under 21

Criteria 2

The beneficiary meets **BOTH** of the following requirements

The beneficiary has at least **one** of the following:

- A significant impairment
- A reasonable probability of significant deterioration in an important area of life functioning
- A reasonable probability of not progressing developmentally as appropriate.
- A need for specialty mental health services, regardless of presence of impairment, that are not included within the mental health benefits that a Medi-Cal managed care plan is required to provide.

AND

The beneficiary's condition is due to **one** of the following:

- A diagnosed mental health disorder
- A suspected mental health disorder that has not yet been diagnosed.
- Significant trauma placing the beneficiary at risk of a future mental health condition, based on the assessment of a licensed mental health professional.

30

CS 31

Poll

Which of the 2 Criteria for individuals 20 years and under have to be met to be eligible for SMHS?

- A. Either Criteria 1 OR Criteria 2, not both
- B. Both Criteria 1 AND 2
- C. I'm not sure. Can I request that the good boy on this slide provide further training on this topic???

31

32

More About the Screening Tool

(Applying the Criteria)

SAN MATEO COUNTY HEALTH
**BEHAVIORAL HEALTH
 & RECOVERY SERVICES**

33

More About the Screening Tool

Screening

- Determines system in which client should receive assessment.

The Adult and Youth Screening Tools do not determine benefit or service eligibility, but instead **determine the appropriate mental health delivery system referral for an initial assessment** for Medi-Cal members who are not currently receiving mental health services.

In other words, the Screening Tool is a quick way to see if the individual seeking services *might likely* meet all criteria to Access SMHS.

The clinical assessment (not the screening) would determine if the client meets full criteria to Access SMHS.

SAN MATEO COUNTY HEALTH
**BEHAVIORAL HEALTH
 & RECOVERY SERVICES**

34

More About the Screening Tool

Example of how Access Criteria fits into the Screening Tool

- If a child/youth, or the person responding on their behalf, responds “Yes” to question 6, 7, or 9, in the Youth Screening Tool, they meet criteria to access specialty mental health services.

Youth Screening Tool	
6.	Are you currently or have you ever been in juvenile hall, on probation, or under court supervision ?
7.	Are you currently in foster care or involved in the child welfare system ?
9.	Are you currently without housing or a safe place to sleep ?

More About the Screening Tool

Example of how Access Criteria fits into the Screening Tool

- If a child/youth, or the person responding on their behalf, responds “Yes” to question 6, 7, or 9, in the Youth Screening Tool, they meet criteria to access specialty mental health services.

Youth Screening Tool	
6.	Are you currently or have you ever been in juvenile hall, on probation, or under court supervision ?
7.	Are you currently in foster care or involved in the child welfare system ?
9.	Are you currently without housing or a safe place to sleep ?

Criteria 1 of Criteria to Access SMHS for Youth
The beneficiary has a condition placing them at high risk for a mental health disorder due to experience of trauma evidenced by <u>ANY</u> of the following:
<input type="checkbox"/> Scoring in the high-risk range under a trauma screening tool approved by the department, OR
<input type="checkbox"/> Involvement in the child welfare system , OR
<input type="checkbox"/> Juvenile justice involvement , OR
<input type="checkbox"/> Experiencing homelessness

More About the Screening Tool

Example of how Access Criteria fits into the Screening Tool

- In these cases, BHRS would be the appropriate delivery system for clinical assessment and, therefore, the remainder of the screening is not required.
- The screener must conclude the screening and refer the individual to a BHRS program for clinical assessment and must not ask the remaining screening questions.
- The assessment will further determine if involvement in these systems as experienced by the individual places them “at high risk for a mental health disorder due to experience of trauma”

More About the Screening Tool

Screening

- Determines system in which client should receive assessment.

Score	Delivery System for Clinical Assessment
0-5	MCP
6+	MHP

PUTTING CRITERIA INTO PRACTICE

(Who? What? When? of the Screening Tool)

SAN MATEO COUNTY HEALTH
**BEHAVIORAL HEALTH
& RECOVERY SERVICES**

Putting Criteria into Practice

When and by whom should the Screening Tool be administered?

Screening
• Determines system in which client should receive assessment.

When a beneficiary who is not currently receiving mental health services, or a person on behalf of a beneficiary under age 21, **contacts the BHRS Access Call Center** seeking mental health services.

Access Call Center

County Program

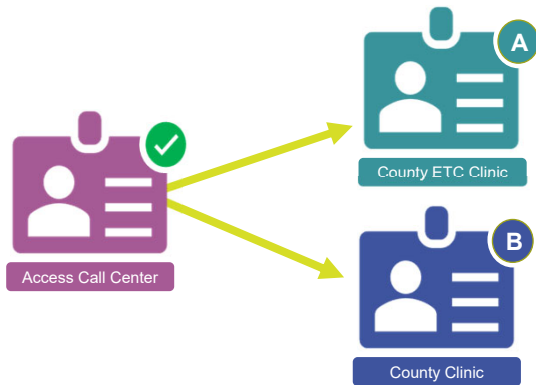

Contracted Agency

Programs / Agencies that do not utilize the screening tool may use their usual process for processing referrals.

SAN MATEO COUNTY HEALTH
**BEHAVIORAL HEALTH
& RECOVERY SERVICES**

Putting Criteria into Practice

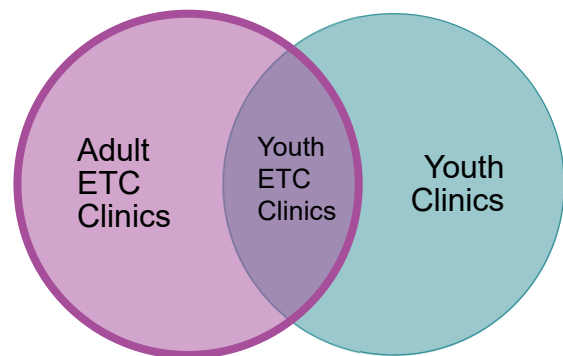

Workflow A: Access Call Center has direct access to ETC (“Entry to Care”) Clinic schedules and will be able to directly schedule initial appointments at an ETC clinic.

Workflow B: Access Call Center will also refer individuals to non-ETC clinics for services but will NOT schedule the initial appointment. This is because Access Call Center does not have direct access to the non-ETC Clinic schedules.

Additional Screening Tool Trainings

Workflow A: July 25th @ 11 a.m.
Workflow B: July 31st @ 9 a.m.

Workflow A

- North Adult
- Central Adult
- South Adult
- Coastside Adult and Youth
- EPA Adult and Youth

Workflow B

- North Youth
- Central Youth
- South Youth Shasta

CS 43

Poll

Who is required to administer the Screening Tool?

- A. All staff in all programs
- Only Access Call Center staff
- C. The cute honorary BHRS ambassador on this slide
- D. Nobody is required to use it

43

EA 44

Putting Criteria into Practice

Clinically appropriate outpatient services (e.g. rehab, case management, etc.) may be provided prior to determination of an official diagnosis.

Make sure to use Z-codes in the absence of a mental health diagnosis during this phase.

Z-codes are covered in a separate training, available in the LMS.

Assessment

- May include other clinically appropriate services
- May use Z-Codes without MH diagnosis

This is when you **gather the information** needed to determine if the client meets full criteria to access SMHS.

44

Putting Criteria into Practice

Screening

- Determines system in which client should receive assessment.

When the screening tool must be re-administered:

In most cases, a re-referred individual who is **not currently receiving services** from either the MCP or BHRS should be re-screened using the appropriate CalAIM Screening Tool **if they meet either of these conditions:**

- ✓ The request is after 365 days (1 year) of the administration of their most recent screening OR
- ✓ The request is after 365 days (1 year) of their last billable direct service.

Putting Criteria into Practice

Screening

- Determines system in which client should receive assessment.

When the screening tool must be re-administered:

Exception to this rule:

If a returning individual had a Youth Screening Tool completed recently and are now of age for the Adult Screening Tool... **the Adult Screening Tool must be administered** even if they are returning within a year of the administration of the Youth Screening Tool.

This is because the Criteria for Access to SMHS for Youth and Adult are different.

CS 47

Poll

When should the Screening Tool be re-administered?

- A. If an individual is returning for services and has not had direct services in over a year.
- B. If a re-referred individual's last screening was completed over a year ago.
- C. If a re-referred individual was last screened as a youth but they are now 18 years old.
- D. All of the above.

47

ET 48

PUTTING CRITERIA INTO PRACTICE

(Medically Necessary Services
For Co-Occurring Diagnoses)

SAN MATEO COUNTY HEALTH
**BEHAVIORAL HEALTH
& RECOVERY SERVICES**

48

Co-Occurring Diagnoses

Screening

- Determines system in which client should receive assessment.

While the CalAIM Screening Tools are not specifically designed as an SUD screening tool, the CalAIM Screening Tools include questions related to substance use disorder (SUD) that do not impact the screening score.

If a beneficiary responds affirmatively to an SUD question, the MCP or BHRS must offer them a referral for an SUD assessment in addition to completing the screening tool and making an appropriate mental health delivery system referral.

The person seeking care may decline the referral for an SUD assessment without any impact to their mental health delivery system referral.

Co-Occurring Diagnoses

Beneficiaries in a MH program who also have an SUD diagnosis

Clinically appropriate and covered SMHS delivered by MH providers...

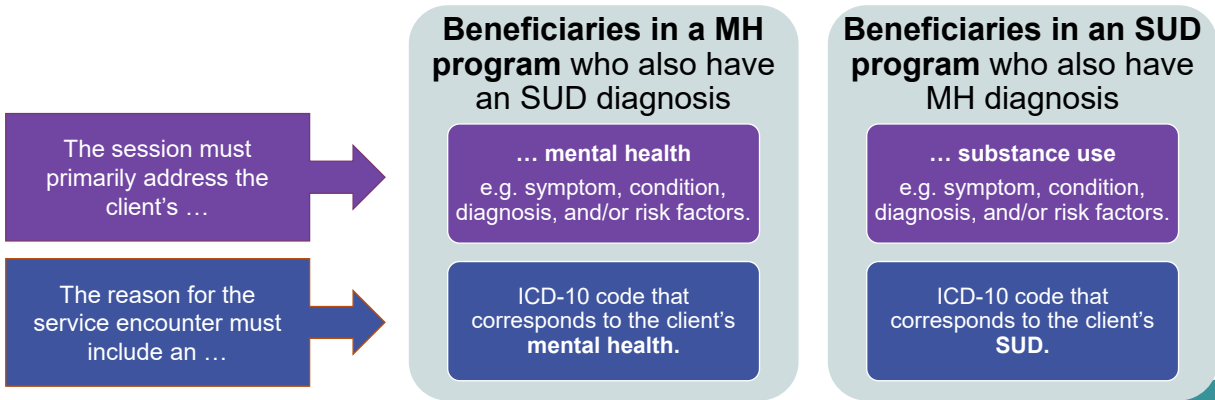

are covered whether or not the member has a co-occurring SUD.

Beneficiaries in an SUD program who also have MH diagnosis

Clinically appropriate and covered SUD services delivered by SUD providers...

are covered, whether or not the member has a co-occurring mental health condition.

Co-Occurring Diagnoses

PUTTING CRITERIA INTO PRACTICE

(What If...?)

SAN MATEO COUNTY HEALTH
**BEHAVIORAL HEALTH
 & RECOVERY SERVICES**

Special Scenarios: What if...?

Screening

- Determines system in which client should receive assessment.

What if the staff administering the screening tool disagrees with the score?

Individuals **must be referred** to the appropriate Medi-Cal mental health delivery system (BHRS or MCP) for a clinical assessment **based on their screening score** even if the person administering the screening tool does not agree with the screening tool score.

Special Scenarios: What if...?

Special Scenarios: What if...?

This means that individuals who decline a referral for assessment through the MCP **MUST** be referred to a BHRS program for assessment.

Remember, MCPs and BHRS can receive reimbursement for assessment and clinically appropriate services during the assessment period, regardless of whether the assessment results in the individual meeting access criteria.

If an individual receives a screening in one delivery system (MCP or BHRS) but **declines the referral to the other delivery system** for assessment...

... the delivery system that administered the screening must provide an assessment.

Special Scenarios: What if...?

Based on the screening, it looks like the MCP would be where you should go to receive your assessment.

But I'm not enrolled in an MCP... Does that mean that I can't get services?

B 57

Special Scenarios: What if...?

If a Medi-Cal member's screening score requires a referral to an MCP but the Medi-Cal member is not enrolled in an MCP ...

BHRS must either:

- 1) **provide an assessment or**
- 2) **facilitate enrollment in an MCP and coordinate the Medi-Cal member's referral to ensure a timely clinical assessment.**

If staff need support in connecting an individual to Medi-Cal or HPSM directly after the administration of the screening tool, they can reach out to the Health Insurance Outreach & Enrollment Team. For those already enrolled in HPSM, ECM services can be provided to support linkage.

57

B 58

Special Scenarios: What if...?

If an individual is not enrolled in Medi-Cal or HPSM...

- BHRS Staff should contact their unit chief to find out who is their assigned **Health Insurance Outreach & Enrollment** staff resource.
- Contracted Providers should contact Stefan Luesse at SLuesse@smcgov.org

58

B 59

Special Scenarios: What if...?

For individuals who are already enrolled in HPSM, but may need case management services during or after the transition to the MCP....

Enhanced Care Management (ECM) is a service available to certain HPSM members who meet specific criteria.

Please refer to the HPSM website for more information about ECM criteria and the various avenues by which HPSM members can access ECM services.

<https://www.hpsm.org/provider/calaim-at-hpsm>

59

B 60

Special Scenarios: What if...?

Bridges to Wellness is one of several programs that offer ECM services to HPSM members.

For more information on ECM, supervisors may contact Christina Genetti cgenetti@smcgov.org, the Manager of Bridges to Wellness.

60

Special Scenarios: What if...?

BHRS Policy 22-03 (BHIN 22-011): Clinically appropriate services may be provided “provided prior to determination of a diagnosis, during the assessment, or **prior to determination of whether NSMHS or SMHS access criteria are met.**”

Includes prevention, screening, assessment, and treatment services

BHRS Policy 23-01 (BHIN 22-065): “MHPs shall coordinate beneficiary care services with MCPs to facilitate care transitions or addition of services, including **ensuring that the referral process has been completed, the beneficiary has been connected with a provider in the new system, and the new provider accepts the care of the beneficiary, and medically necessary services have been made available to the beneficiary.** All appropriate consents shall be obtained in accordance with accepted standards of clinical practice.”

Includes care coordination activities to support the individual in getting connected to the medically necessary services under the MCP

Special Scenarios: What if...?

Assessment

Includes prevention, screening, assessment, and treatment services

All Services Provided Should Be Clinically Appropriate

Final Determination

Includes care coordination activities to support the individual in getting connected to the medically necessary services under the MCP

All Services Provided Should Be Medically Necessary

PUTTING CRITERIA INTO PRACTICE (NOABDs)

Poll

What does the acronym “NOABD” stand for?

- A. Notice of Anniversary of Birth Date
- B. Notice of Adorable Buddy Downtime
- C. Notice of Adverse Benefits Determination
- D. Notice of Annoying Bug Deterrent

65

T 66

NOABDs

MCPs/MHPs **should not issue a NOABD** if an individual is referred to the other Medi-Cal mental health delivery system for assessment **based on their screening score.**

```

graph LR
    A[Screening] --> B[Referred to MCP for assessment.]
    B --> C[No NOABD needed.]
            
```

```

graph LR
    A[Full Clinical Assessment] --> B[Referred to MCP for services.]
    B --> C[NOABD and Transition Tool are required.]
            
```

Once assessed, if an individual does not meet access criteria for SMHS, a **NOABD must be issued.**

When the Transition of Care Tool is implemented in BHRS, if the client is to be referred to the MCP, **the Transition of Care Tool must be used to transition care to the MCP.**

66

NOABDs

Important Note about clients who will be referred to the MCP:

If BHRS conducts the assessment and non-specialty mental health services (NSMHS) are recommended, BHRS should facilitate care coordination activities.

This would include following existing processes for facilitating MCP enrollment if the client is not yet enrolled in the MCP and/or connecting the individual to a Fee-for-Service (FFS) provider for NSMHS.

Once assessed, if an individual does not meet access criteria for SMHS, a **NOABD must be issued.**

When the Transition of Care Tool is implemented in BHRS, if the client is to be referred to the MCP, **the Transition of Care Tool must be used to transition care to the MCP.**

2024 BHRS CaAIM Training Schedule

**SAVE!
THE DATE!**

CaAIM Trainings

Join QM every 3rd Thursday of the month from 10:30am - 12pm at the [Zoom link here!](#)

Training is mandatory for all contractors and BHRS. Please mark your calendars!

All trainings will include live Q&A!

- JUN 20 Documentation Manual Training (MH only)
- JUL 18 Access/Medical Necessity Training (MH only)
- AUG 15 Service Codes Training* (MH only)
- SEP 19 Progress Notes Training* (MH & SUD)
- OCT 17 Assessment Training (MH only)
- NOV 21 Care Planning/Problem List Training (MH & SUD)
- COMING SOON! Bonus Z-Code Training (MH only)

* Contractors have completed these trainings but are welcome to attend again.
